SERVICE GOALS"

Dear Sir:

In an Office Action dated April 18, 2006, the Examiner issued a Restriction Requirement with regard to the above-identified patent application. Generally, the Examiner indicated that Claims 97-150, drawn to a method and system for determining if a first agent should service a first work type in a work processing facility, and Claims 151-164, drawn to a contact center were distinct inventions. Applicants hereby elect to prosecute Claims 97-150 in this patent application. However, Applicants respectfully reserve the right to pursue Claims 151-164 in a subsequent divisional/continuation application.

Respectfully submitted,

SHERIDAN ROSS P.C.

Douglas W. Swartz
